NOTICE OF NORTSHORE HOA ELECTRONIC COMMUNICATION

At the reconvened annual meeting held on November 11, 2020, the Northshore Board of Trustees adopted a new policy: "To the extent permitted by law, HOA communication, notice, and voting will be done electronically. General HOA communications with owners will also be posted on the HOA's website." You are being sent this notice in accordance with the Utah Code, Section UCA 57-8a-217, Community Association Act. Future correspondence will be sent by email to owners including the annual dues invoice in February.

Information about the installation of a connector trail between Heather Lane and the Ranch Place mail kiosk on Cutter Lane to provide access to the trail along Swaner Park and the trail to Kimble Junction can be found on the HOA's website under "Communications". The Board would like input from the community on this proposed project. Please send your thoughts about this proposed project to emersonbk58@gmail.com.
